Audio Division (MB)  
c/o Office of the Secretary TW B204  
Federal Communications Commission  
445 12th Street NW  
Washington, DC 20554

To the Secretary:

Terminal Broadcast Associates, Ltd., an Alaskan Corporation in good standing, proposes the allocation of FM channel 297(C3) to the community of Homer, Alaska.

Our study finds this proposed class C3 channel to be in compliance with 47 CFR 73.207. The proposed coordinates provide coverage of 100% of the community (Homer, Alaska) with at least 70dBu signal strength according to the F50/50 methodology.

The proposed coordinates are:

59° 40' 35.00" N Latitude  
151° 35' 13.00" W Longitude  
(NAD 27)

In the event that the proposed channel is allocated, Terminal Broadcast Associates, Ltd., intends to make application for this new channel.

Sincerely,

A handwritten signature in black ink, appearing to read "Wolfgang V Kurtz".
